Talent is there, experience will be the question for B-W football in 2021

By Jason Schulte
Sentinelsports48@gmail.com

An interesting year is on the horizon for the Baldwin-Woodville football team.

Twenty-three letter winners return from a team that went 5-4 overall and 3-4 in the Middle Border Conference in 2020.

“Strengths of this team include a good number of returning players at skill positions,” explained coach Dan Keefer.

Those include senior quarterback Wyatt Larson, who threw for over 560 yards and five touchdowns last year. Another key performer is Keegan Ofstie, who ran for 330 yards and scored five touchdowns and was named all-conference for his performance at inside linebacker. Other key returners include senior running back Chase Shafer, junior running back Mason Werner and junior wide receiver Sean Van Someren.

“We will have some good size up front,” Keefer said. The offensive/defensive lines returns three key contributors in senior Klay Lorentz, junior Elijah Heimer and sophomore Noah Sarauer.

Like every team, there are questions and for the Blackhawks this year, it’s youth.

“We also have a lot of young and unproven players with significant talent,” he said.

Beside Sarauer, fellow sophomores Collin Fritts, Evan Frame and Cal Smith are returning letter winners.

Keefer said the team to watch in the region is Ellsworth, who is talented and experienced with 16 returning starters. They come to Baldwin Sept. 3.

“We expect to be very competitive with everyone,” he added. “Our goals for the season include striving to improve every day in all that we do. We want to play the game as hard as we can with a perfect effort.”

Experienced roster hopes to reverse fortunes of Blackhawk boys soccer

By Jason Schulte
Sentinelsports48@gmail.com

2020 was a year the Baldwin-Woodville boys soccer team would like to forget.

The Blackhawks struggled and finished with a 2-8-2 record as they lost to Somerset in the first round of the playoffs.

With the start of the new season, one issue in attempting to reverse that record has been solved.

“This year, we have one of the largest soccer teams the school has ever had at about 30 players,” said coach Nathan Franey. “Most of the varsity team is seniors and juniors this year.

This is the most experienced team we have had in four years. With that said, our goal is to make a deep playoff run and hopefully make an appearance

at the state competition. We have a lot of work to do, but I have a lot of confidence that our players are willing to put the work in necessary to accomplish our goals this year.”

Returning letter winners include team captains Will Kroening, who was second team all-conference last year, and Tyler Smigla, named honorable mention all-conference. Other letter winners include Sawry Sarango, Boden Anderson, Brian Berumen, August Kroening, Haydon Langer, Ethan Fern-Denzer, Davis Paulsen, Grady Paulson, Luke Stuedemann, Garrett Wilson and Ethan Van Someren.

The Middle Border Conference will look different in 2021 as New Richmond joined the Big Rivers Conference as Altoona replaces them.

“Somerset is one of the favorites coming into this year, due to their success last year,” Franey said. “I believe we will be considered underdogs due to our record last year but will quickly become one of the favorites.”

A change for the Blackhawks this year: All of its home games will be played at King Field as the field was converted to field turf. Out of its 10 scheduled home games, seven will be played under the lights thanks to a 7 p.m. start.

Experienced returning core seeking elusive winning season

By Jason Schulte

Sentinelsports48@gmail.com

2015 was the last year the Baldwin-Woodville volleyball team finished the season with a winning record.

Barring injury, the 2021 version should end that dubious record as they lose only one senior from a team that went second in the Middle Border Conference and had a 7-7 record in 2020. Baldwin-Woodville lost to Bloomer in the regional semifinal in a five-set match.

The Blackhawks return three players who were named to Middle Border all-conference teams last year.

Anna Jordt was a first team selection. The senior middle hitter became the first B-W player named to the first team all-MBC since Alyssa Nilssen and Hannah Gullixson in 2015.

Named honorable mention were seniors libero Brooke Klatt and outside hitter Kate Groskreutz.

Other key returners include seniors Angela Nilssen, Maddy Jensen, Brianna Hanson and juniors Marney Roemhild and Jordyn Letter.

“The seniors bring a lot of leadership and experience into the season,” said B-W coach Shannon Kamm. “This is by far the most athletic group we have had in grades 9-12. Blackhawk volleyball is going to be very competitive the next few years. It’s going to be fun to watch

the athletes grow and develop into volleyball players.”

The lone departure was Shalayne Hop.

“Shalayne will be missed for many reasons,” said coach Shannon Kamm. “She is so passionate about volleyball, and we all greatly admire her for that. She was also a great teammate and leader on and off the court.”

B-W has to go about five miles down the road on who the conference favorite will be. St. Croix Central is the defending champion and return four players who were named all-conference last year, including player of the year Katie Gostovich. Central’s lone conference loss last year to Baldwin-Woodville.

BALDWIN-WOODVILLE

Returning letter winners fuel confidence for B-W girls tennis

By Jason Schulte

SentinelSports48@gmail.com

Confidence is brewing within the Baldwin-Woodville girls tennis team this year.

And why shouldn't it be? They've got seven returning letter winners plus a core of talented newcomers.

"Some of our goals include taking first in our conference, having a positive attitude on and off the courts, and representing B-W at Team State," explained coach Dana Helgeson.

The seven returning letter winners are Allie, Bailey and Brooke Albrightson, Katelynn Miller, Alayna Brightbill, Dru Beebe and Lexi Everts.

"Our weakness is that even though we are hitting well during practice, we need matches so they can gain

experience, and that is starting to happen for us as we have a very busy two weeks full of matches," Helgeson said.

Baldwin-Woodville started its season with a quadrangular Aug. 17, a two-day tournament in Altoona, and a five-day stretch the following week which include duals against Bloomer, Osceola and a two-day Menomonie Invitational.

The Blackhawks finished the 2020 season with a 3-3 record in the Middle Border Conference.

"It will be interesting this season with losing New Richmond (who moved to Big Rivers Conference). I think Altoona (who replaced New Richmond) will be a favorite in our conference," Helgeson said.

Seniors to lead the way for B-W girls golf

By Jason Schulte

SentinelSports48@gmail.com

The Baldwin-Woodville girls golf team took a hit with graduation as it lost its top three golfers in Lezlie Weyer, Roza Emmert and Tessa Van Someren.

With only one newcomer out, the numbers are very thin with only five players on the roster for the Blackhawks, whose 2021 season started Aug. 13 with the Barron scramble.

Out of the five players, four are seniors and returning letterwinners.

Grace Carlson and Ally Noll played all varsity matches last year and will be four-year letter winners.

“They have the experience and hope to reach scores in the high 40s this season,” said coach Eric Harmon, starting his 23rd season. “Both had scores in the 50s last season and averaged close to mid-50s.”

The other two returnees are Teagen Wynveen and Makenzie Weiss.

“Both will have a similar goal of getting scores to the high 40s throughout the season,” Harmon added.

The newcomer is freshman Julia Politt.

“She’s played a little bit of golf,” Harmon said. “We will see where her game is at after being on the range.”

The 2020 Blackhawks edition finished fourth in the Middle Border Conference and tied for fifth in the sectional.

The problem for B-W and other golf teams in the MBC is both Prescott and St. Croix Central will be loaded once again. Prescott is the defending state champion who will return all five golfers that played in the state meet. St. Croix Central finished fourth at the state meet last year and will have four of its five golfers returning from last year’s squad.

“We will see how we start out for scores, not a lot of play from this group this summer, so it will take a few weeks to get back in the swing of things,” Harmon said. “Numbers are low, but we do have enough to play a varsity schedule.”

Harmon added if any girls is interested in joining, they can contact either him or Jennifer Nickowski at the high school.

B-W girls cross country team looks to take next step

By Jason Schulte

SentinelSports48@gmail.com

Bekah Luckwaldt made history for the Baldwin-Woodville girls cross country team in 2020.

She became only the third Blackhawk girl in school history to qualify for the WIAA State Individual meet. She returns for her senior season.

Another positive sign for the girls harriers: they finished fifth at the Middle Border Conference meet with 123 team points, their lowest since 2014.

Besides Luckwaldt, eight other letter winners return.

“The girls goal is to crack into the top four teams at the conference

“They are a cohesive, younger team that is beginning to learn how to compete in races rather than just running them.”

Zack Ambrose

Baldwin-Woodville Cross Country Coach

meet,” said coach Zack Ambrose. “All girls varsity runners are returning from last year, led by seniors Bekah Luckwaldt and Morgan Margelofsky. They are a cohesive, younger team that is beginning to learn how to compete in races rather than just running them.”

Ella Schutz, Adison Wilde, Natalie Bolstad, Greta Weyer, Klara Wood,

Hope Heutmaker and Maggie Findlay were the returning letter winners.

Osceola and St. Croix Central will be the favorites for the conference title again, Ambrose projects. Osceola has finished second at the state meet the last two years, while St. Croix Central was sixth at state last year.

The boys team was eighth at the conference meet, so there’s no other place to go but up.

“They will be a relatively young team, which can be both a strength and weakness,” Ambrose explained. “It also creates some unknowns, so it will be exciting to see what strengths and weaknesses become apparent as the season goes on.”

Parker Schutz graduated, but six letter winners return headlined by Austin Schmidt. Other returners include Connor Magnuson-Severson, Riley Laesch, Hayden Wilson, Austin Pollack and Caleb Hinton.

Osceola is the clear MBC favorite for boys, Ambrose said. They have qualified for team state the last five years.

2021 ST. CROIX CENTRAL FOOTBALL

CAHILL PHOTOGRAPHY

Line play will be the strength for Panthers

By Jason Schulte ~ Sentinelsports48@gmail.com

The St. Croix Central football team has been a model of consistency the last eight years.

No losing seasons during that time frame and no fewer than seven wins, with 2020's record of 7-2 being the lowest.

The Panthers have every intention of extending those streaks in 2021.

"We just look forward to a complete season, hopefully limited interruptions and having a WIAA playoff system

again," said coach John Tackmann.

The strength of this year's team will be in the line play.

"(Seniors) Carson Hinzman, Dylan Wilke, Zach Sabatke, Ben Nietfeld and (juniors) A.J. Sarnstrom and Ben Nietfeld all had varsity experience starting last year due to COVID-contact tracing," Tackmann said.

Opposing coaches know it as well.

"Central is going to be huge up front," said Osceola coach Scott Newton. "They will be averaging over 240

pounds in their offensive and defensive lines."

Hinzman, who is listed at 6-foot, 5-inches, 280 pounds, has caught the attention of Division I schools across the nation. According to his social media accounts, Hinzman has visited Wisconsin, Iowa, Ohio State, Notre Dame and Alabama this summer.

Having a strong, returning offensive line will be key because the Panthers have some work to do at the skill positions. They said goodbye to their quarterback (Tadan Holzer), their top five leading rushers and nearly every receiver who caught a pass last year.

In addition, they will have to replace Jackson Pettit, who was perfect on extra points (29-for-29) and field goals (2-for-2) last year.

One of the two losses Central suffered last year was to Ellsworth, who finished its 2020 season undefeated. They return 16 starters.

Tackmann also believes the New Richmond game, which is the season opener Aug. 20, will be another one to watch.

All about progress, development for Central boys soccer in year 2

By Jason Schulte ~ Sentinelsports48@gmail.com

It was a learning year for the St. Croix Central boys soccer team in 2020.

In its first year of existence, the Panthers went winless in 11 games, scoring zero or one goal in nine of them.

As year two commences, bringing another year of development, it also has a new coach at the helm. Pat Flandrick, who was the coach of the girls team in the spring takes over. Flandrick, a soccer coach for over 15 years, said the opportunity to be part of a program in the development stage was very intriguing, along with the chance to be a varsity coach

“With that deep of a bench, we can plan for the future.”

Pat Flandrick
St. Croix Central Boys Soccer Coach

for both boys and girls soccer programs.

“If we work as a team, their goals and the team goals can be achieved,” he said.

He likes the diversity of the roster.

“We’ve got a wide variety of upper and lower classmen,” he said.

Seven seniors are on the roster, including midfielder Jack McGrane, who

earned second-team all-conference honors last year. The other all-conference selection, Jhony Tenezaca, graduated.

As for the youth, 12 freshmen are out.

“With that deep of a bench, we can plan for the future,” Flandrick said. He also has been impressed with the overall attitude.

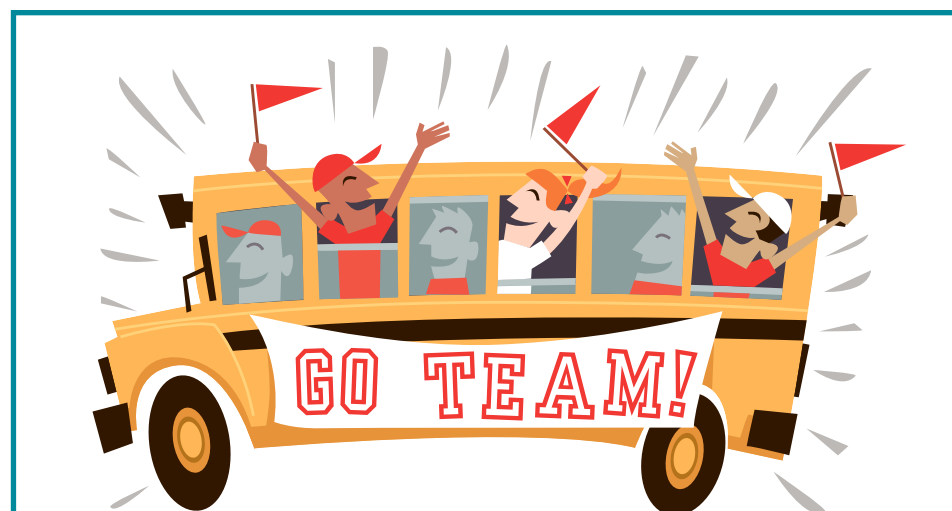

“The boys have been very team oriented,”

Flandrick said. “It’s been a good atmosphere.

“They are extremely excited to get back on the field, that’s for sure.”

New Richmond rolled to the Middle Border Conference title in 2020 but left for the Big Rivers Conference. In its place is Regis/Altoona.

In the back row: Assistant Coach Becky Sundeen, Emma Hannan, Madi Mousel, Grace Benson, Head Coach Mindy Widiker.

CAHILL PHOTOGRAPHY

A talented senior core has Central volleyball thinking big

By Jason Schulte
Sentinelsports48@gmail.com

The St. Croix Central volleyball team ended its 2020 season earlier than what anyone associated with the program wanted it to be.

The Panthers ended its season in the regional final against Bloomer, which put a sour note on the season which saw them win the Middle Border Conference championship and finish with a top seed in the regional.

There's plenty of talent returning for SCC in 2021, which hopes for a lengthier playoff run than two games.

Having the 'Katie's' return is a start. Senior outside hitter Katie Gostovich and right hitter Katie Larson earned first team all-conference status last year. Gostovich even claimed conference Player of the Year honors as she finished with a team-high 152 kills last year.

The third hitter is senior Delaynee Bohatta, who earned honorable mention all-conference status last year.

Setting the three up will be senior Meadow Berg, who was named second team all-conference last year.

"The goals are to have fun, improve upon our skills, speed our offense up, stay healthy, win our conference and try to make it to state," said coach Mindy Widiker. "We will be an experienced team with a lot of varsity returners."

Other key returners include junior outside hitter Macie Segebrecht, senior

defensive specialists Grace Benson and Hannah Dux and junior defensive specialist Brianna Wilman.

"Our conference is tough, and all of the teams are usually good teams," Widiker said, earlier last month. "We should hopefully hold our own in our conference. We always want to compete for a spot toward the top of the pack. I believe

"We will be an experienced team with a lot of varsity returners."

Mindy Widiker
St. Croix Central Volleyball Coach

we can make a good run down the road for playoffs if we stay healthy. However, it's too early to compare ourselves to others when we haven't seen the other teams yet."

ST. CROIX CENTRAL

Central girls golf looking for three state berths in a row

By Jason Schulte
Sentinelsports48@gmail.com

The St. Croix Central girls golf team has gone to state the last two years placing third in 2019 and fourth last year.

A three-peat looks possible considering they're returning four of the five players who golfed in the state meet last fall.

"The strengths of our team is our huge participation numbers (we have 34 girls out for golf), our depth and quality of play throughout our top 10," explained coach Logan Kimberly. "We also return four letter winners who all played at state last year."

Besides the fourth place finish at state, Central was third in conference, second in regionals and second at sectionals last year.

Those returning letter winners include senior Sally Vangsness, who was first-team all-conference and earned honorable mention all-state honors.

Fellow seniors Sydney Burgess and Sarah McHenry were honorable mention all-conference selections. Seniors Gil Holme round out the returners.

While Central's resume the last two years has been impressive, Prescott's has been even better. After placing second at state in 2019, they are the defending champions.

And as Kimberly added, they'll return their entire roster.

"Prescott is the clear favorite for conference/regionals/sections and state," Kimberly said. "We're hoping to give them a run for their money in all of those categories, but it will be a challenge."

"Other teams in our sectional who will compete to go to state are Regis/Altoona and Hayward. Both have quality programs and Regis/Altoona return two individuals who went to state last year, so they have a lot of experience coming back."

Central girls runners looking for repeat state berth

By Jason Schulte

SentinelSports48@gmail.com

The 2020 St. Croix Central girls cross country team had a season that most people would call outstanding.

A second place finish in the Middle Border Conference meet, first in the subsection, second in the section and a sixth place overall finish in the WIAA Division 2 State Cross Country meet.

What made the season somewhat bittersweet was fellow conference foe Osceola was even better.

The Chieftains in 2020 won conference, section, and finished

second at the state meet for the second straight year.

Central returns five of the seven runners who competed in the state meet, but one of the two departures was No. 1 runner Mya Kizer, who is continuing her running career at Division I University of Akron.

Kizer had a noteworthy senior season, with a second place finish at the conference meet, first in subsections, second at the sections and fifth at the state meet.

What's good for SCC is junior Kaitlyn Carlson, the No. 2 runner in 2020, will move up a slot. Carlson

was third at conference, second in the subsection and fourth at the section meet.

Other returners from the state meet include senior Anna Sauer, sophomores Ellie Smith, Sidnie Roshell and Libby Collins.

Meanwhile, the outlook for the boys looks different in 2021. After a third place finish in the conference meet and subsection meet, the boys graduated four runners who competed in the subsection meet. Furthermore, senior Colin Hackbarth switched to football, depleting the roster even more.

Two of the graduates were Cougar Holder and Jakob Eggen. The pair placed in the top 10 at the section meet, qualifying for the state meet where Eggen placed 18th and Holder finished 39th.

Junior Brian Woehrle and sophomore Max Kusliek are the lone returners from postseason action.

And similar to the girls, Osceola will be one of the teams to beat in the conference and section. The Chieftains will be gunning for their sixth straight state berth and return five of the seven runners who competed in the 2020 state meet.
