Hi, Katy and Daphne,

THANK YOU for 'Streetwise'. With this newsletter by itself, it makes my subscription totally worth it. Great job!

In addition to Streetwise, the only other thing that gets my special focus are the Obituaries! (But, then again, I've been around awhile.)

AND, speaking of Popeye's and Teriyaki Madness on the westside, and as a special tidbit for you, did you know that at one time nearby those establishments was an A&W Root Beer stand and 7-Up bottling? These were located just west of Teriyaki Madness as show by the PIN located on the attached map. Photo also attached.

Cheers!!

John
