River Valley Arts is thrilled with the turnout and level of support for our second annual Drag Show with two performances on Saturday, February 25. Over the years, River Valley Arts has granted more than \$200,000 in grants and scholarships to area artists, schools, and community organizations, and students. The money raised on February 25, nearly \$5,000 and counting, will help us continue to support the arts in the River Valley. More information can be found at rivervalleyarts.org

Sponsors gave money to support the performances, fabulous prizes to be raffled off, food to feed the performers, housing and a myriad of nifty things for swag bags for the performers. The material support means a lot, but your backing of this venture means even more.

River Valley ARTS nourishes the creative spirit in our community with financial support for artists as well as arts and cultural organizations. By raising funds through events, memberships, and corporate and individual gifts, RV ARTS is able to secure matching funds from the Wisconsin Arts Board. These combined funds are awarded to area arts and cultural programs.
