LOCALLY TRUSTED

Simply put, Klinner Insurance does things the right way. They are not only professional and thorough, but they are friendly and always there to help. We've been so pleased to work with them over the past few years and we couldn't be more excited to welcome them to Rhinelander. If you're looking for an agency to trust with your home, auto, or business to provide peace of mind, call Klinner Insurance!

-Josh and Jen Clark — Owners of *Clark Business Solutions and Culver's Franchise*

When making the decision to which insurance group would be best for our business a few years ago, Klinner not only had the most competitive rates, but also made sure to take the time to read through our policies to ensure that our coverage was accurate and appropriate for our business! They answered all of our questions, quickly and thoroughly, before we started working with them, and have continued that customer support in the years that we've been with them.
