## BARRON COUNTY

### Community Club Membership

As a community club member, youth choose a club to join and meet with others throughout the year. Each club has a club leader who regularly communicates with members; and in most community clubs youth officers are elected to guide the activities of the club. Barron County has 20 active 4-H Clubs. Club sizes range from 10 members to 60 members! Families can join any club at any time, or start a new one! In addition to club activities, members can also choose to participate in organized projects, groups and individual efforts.

### Special Interest Membership

SPIN members are members who have a Special Interest in a specific topic. Many youth and their families like the experience of being a part of 4-H, yet are unable to commit to a year-long 4-H club experience. While SPIN members don't meet with a club, they can participate in all county and state projects and activities. Projects may or may not have local volunteer support.

### Volunteer

Volunteers help make 4-H possible. 4-H volunteers work with staff to deliver educational programs in nearly 100 project areas and provide additional opportunities for youth and families!

### What is 4-H?

Through 4-H, kids and teens complete hands-on projects in areas of interest including: arts, health, science, agriculture, civic engagement, etc. Youth can also build leadership skills and develop life skills. 4-H is unique for each individual as they choose what they want to be involved in and how much time they can commit.
